THE ESD SECTORS

Transport, the biggest non-ETS sector
Greenhouse gas emissions from sectors outside the ETS (ESD), 2013

Transport: 40%
Buildings: 30%
Agriculture: 20%
Energy industries: 10%
Waste: 0%
Industrial processes: 0%

TRANSPORT IN THE ESD: CARS, VANS AND TRUCKS

% of road transport
GHG emissions

Sources: 2012: EEA GHG Data Viewer; Odyssee project
2030: Own calculations based on EC “Trends to 2050” report. It includes strict standards
for cars and vans both in 2025 and 2030. Cars and vans standards are in the EC working plan.
VEHICLE EFFICIENCY STANDARDS DELIVER

Contributions from CO₂ standards
